Djeembana story boards January 2021

Djeembana News September

Hi everyone, as this term draws to an end this newsletter will be brief as you will read in the folders what the term has involved.

Thanks for everything the teaching team has done over the past weeks while managing their own families. They have all done the most caring amazing job.

It is time to take a rest now from screens and routines as we move into the term break. As I continually have shared, the children have managed the centre learning and remote learning very well. I feel as if I know what every child has been doing and that the connections we had developed have been maintained. A big thankyou to the parents for supporting their children during these tricky times and working with them to have a positive attitude, it has certainly been noticed by the teaching team. We know it has been hard and parents will have had tough days just as the teaching team has but, together we have provided the children with some fun and learning that has ensured their development continues to progress.

The outdoor space at kinder and the beach/bush has been the learning environments for the past four weeks and I know the remote learners have also been spending many hours outside exploring and being with family.

We are very fortunate to live in such a beautiful place where most of you can continue to access the beach and bush areas that we use on Fridays. I am sure your children will happily show you where they play and what we learn. Maybe they can remember where the story telling tree is.
